

End-Of-Sale of BarTender Professional Edition 1 Printer (BTP-1)

June 3rd, 2024

To Whom It May Concern:

The **BTP-1 was End-Of-Sale on May 1st, 2024**, and we also provided a one-month grace period for existing ongoing opportunities until May 31st, 2024. We want to inform you that we do not accept any BTP-1 orders in APAC on June 1st, 2024.

Customers can choose our brand new **BarTender Professional Edition Workstation Subscription (BTP-WS-SUB-1YR/2YR/3YR)** or **start from a 2-printer bundle (BTP-2)**. The workstation edition provides unlimited printer connectivity and supports unlimited PDF printing. However, it is licensed by the workstation count instead of by printer count. For more details about the workstation product, please visit our website.

We appreciate your understanding and look forward to creating more opportunity together. If you have any questions about the product, please contact your RSM.

Thank you for your continued partnership.

Yours faithfully,

Eric Chiu
Sales Director, APAC & Japan
